Subject: [Non-DoD Source] e-NEPA Receipt of the North DeSoto County, Mississippi Feasibility Study Draft EIS
Date: Monday, May 24, 2021 9:44:54 AM

This email confirms receipt of your filed Draft Environmental Impact Statement (EIS) titled, "North DeSoto County, Mississippi Feasibility Study" (EIS/CEQ no. 20210060). The filed EIS will be part of the Environmental Protection Agency's (EPA) Notice of Availability (NOA) and published in the **Friday, May 28, 2021** Federal Register. Your EIS comment period ends on **July 12, 2021**. If this date is incorrect, please contact the EPA immediately. Please note that the official minimum comment/review periods are calculated from the date of the EPA's published NOA and cannot end on a weekend or a Federal holiday.

All additional files sent via DoD SAFE file transfer have been added to your record.

Please contact EIS-Filing@epa.gov if changes need to be made to the EIS record such as correcting pdfs, withdrawing an EIS, or delaying, extending, or reopening a comment/review period. If your agency requires a comment/review period extension, please send an official notification making the request through *e-NEPA*. Official notification may be a signed letter on agency letterhead by an appropriate approving official or a copy of the agency's published Federal Register public notice detailing a comment/review period extension. An email is not a sufficient official notification. When your request is received, you will receive an email confirmation and an amended notice will be published in the EPA's NOA. In addition, if your agency needs to withdraw the EIS, please send the EPA a letter on agency letterhead making the request.
