Tanya -

Please find the attached exhibits and presentation for download for the meeting today. My apologies on the delay, as our team was updating a few items late Friday.

Thanks!

Lindsey,

Just checking to be sure we are still on track for the meeting on Monday at our offices at 11:00.

Can you provide me a copy of the latest plans for Tom Lee Park that you will be presenting prior to our meeting on Monday. This way the team can review early and prepare any questions/ needs they may have?
